

## BMW M SCHOOL

### M DRIVER'S PROGRAM

This is M 101 - designed to help you learn the limits of BMW M cars while exploring your own.

### ONE- OR TWO-DAY M SCHOOL

M School is all about limits, and you'll discover just how high we set them with adrenaline-pumping exercises designed to bring out your inner M.

### ADVANCED M SCHOOL

Time for the next challenge. Explore high speed tracks that get your heart rate up and you closer to becoming a true pro.

### M4 GT4 EXPERIENCE

The BMW M4 GT4 is our most extreme M car yet, and it's ready for you to take it around our Thermal track as fast as you can. Be prepared, this M4 grips harder, accelerates faster and brakes shorter than anything we've had before.

### RACE LICENSE SCHOOL

You can get SCCA certified with this school and take your first steps to becoming a pro driver. Add an extra day to a Two-Day M School or Advanced M School session and get qualified all at once.\*

\*Available at Thermal location only. Participants must call ahead for verification of their qualifications. Must complete Two-Day M School or Advanced M School within 12 months of taking this course.

## GROUP EVENTS

This isn't your typical business meeting. You and your team will spend the day at the Performance Center, where you'll be provided rooms to conduct meetings, world-class cuisine, and of course plenty of track time.

## TEEN & DRIVER'S SCHOOL

### ONE- OR TWO-DAY TEEN SCHOOL

Driving should always be fun, and with a firm grasp of the basics, it can be. Our teen program isn't for practicing parallel parking and taking left turns; it's to add skills that unlock total car control at the limit and make your teen a better-equipped driver.

### ONE- OR TWO-DAY DRIVER'S SCHOOL

Discover why the Ultimate Driving Machine® isn't just a tagline. Each BMW was built for maximum enjoyment at the limit, and you'll be able to experience every spine-tingling sensation behind the wheel in our Driver's School.

## EXPERIENCES

Get your BMW fix, even if you only have a few free hours. Experiences offer samples of what many of our classes feature. It's a full-on thrill, without the full day.

## PDC DELIVERY

Picking up your new BMW is an event all its own. Picking it up at the Performance Center in South Carolina makes it a milestone.

You'll stay at a luxurious hotel the night before your delivery, get to meet your new baby with a product specialist, and drive a model similar to yours on the track.

**To get started, contact your local BMW Center and build the BMW of your dreams.**
