

Hard top, soft top or open—the Thunderbird is the star in *any* setting!

And now: the latest version  
of America's most exciting car:

## Ford THUNDERBIRD for '56

**Ready to give you a new lease on driving fun, this newest version of America's favorite dream car is more stunning in style . . . more thrilling in power . . . more luxurious in comfort.**

Here poised for flight, you see what many people hardly dreamed possible: a more beautiful, more powerful, more distinctive Thunderbird.

The graceful contours of its long, low lines . . . the unique flair of its new spare-tire mounting . . . the dazzling sheen of its new two-tone colors are but a hint of its newness.

It is when you put the selector in

drive position and nudge the gas pedal of a Fordomatic model that the Thunderbird will really take you by the heart. Beneath the hood is a new 225-h.p. Thunderbird Y-8, to revise your ideas of how a car should respond.

Now, you may choose hard top, soft top or both. There's a glass-fibre hard top and a foldaway fabric top. Now, the interiors are richer—more beautiful than ever. Now, you get the added protection of Ford's exclusive Life-guard design. And, as always, you may have optional power steering, brakes, windows and seat. Ask your Ford Dealer just how soon *you* can start enjoying the better things of driving.

The Thunderbird's brand-new, rear spare-tire mounting folds back handily, as quick as a wink. It adds as greatly to your luggage space as it does to the over-all beauty of the car.

Even dreamier—even newer

What a mink coat does to perk up a lady, a Thunderbird does for a male

## Mink Coat for Father

Never fails, mused the salesman, as he left the customer sitting dreamily in his new Thunderbird. Once they're behind the wheel—they're really sold! He thought back to a few minutes before when the customer had asked him:

"What's her horsepower?" "225," answered the salesman. "It's a blood brother of the engine that out-accelerated all American production sports cars at Daytona Beach. She really scoots."

"Looks it," replied the customer.

Then his fingers lightly patted the Thunderbird's smooth glass-fibre hardtop. "Heavy?" "One person can carry it easily. There's a smart convertible top available, too!"

"Mmmm." The customer wandered around to the back of the car. "That rear-mounting for the spare tire extra?" "Standard equipment. Means lots more room in the trunk."

They walked back slowly toward the front of the Thunderbird. The customer opened the door. "I like the way the steering wheel adjusts

to fit the driver." "And it's a deep-center steering wheel," said the salesman, "a new Lifeguard feature. So are these double-grip door locks, optional seat belts and padding for the control panel and sun visors."

The customer thought for a minute, and then quietly asked, "I'm six-foot-three. Don't suppose . . ." "Almost four feet of leg room," broke in the salesman. "Climb in."

"Say," said the customer, unwinding his long frame behind the wheel, "now I know this is the car for me!"
